Review and Discuss the Brazos River Park Phase II Scope.			
EXECUTIVE SUMMARY			
<p>The City Council identified the development of the scope of work for the next phase of the Brazos River Park as a strategic project for the City's Fiscal Year 2011. The next phase of the Park has generally been assumed to be a festival site along with other amenities and a connection to the phase I development area. Staff will present the key elements needed in the next phase to address the City's growing need for festival space.</p> <p>The Parks Board is considered a key stakeholder and voice of the community in the development of this project. The presentation will provide an opportunity to provide input.</p>
